Summary

Dedicated Web Developer with solid experience in front-end technologies including HTML, CSS, JavaScript, React, and Angular, along with hands-on exposure to MERN stack development. Skilled in building responsive, scalable, and visually appealing web applications that deliver seamless user experiences. Proficient in OOP, DSA, and C++, with a focus on writing clean and maintainable code. Passionate about continuous learning, modern frameworks, and bringing innovative design ideas to life through efficient development practices.

Key Tools & Technologies

Front-End Development:

HTML5, CSS3, JavaScript (ES6+), React.js, Angular, Redux, Bootstrap, Tailwind CSS

Back-End & Full-Stack Development:

Node.js, Express.js, MongoDB, RESTful APIs, MERN Stack

Version Control & Collaboration:

Git, GitHub, Visual Studio Code

UI/UX & Design Tools:

Wix, Canva, Figma

Database & Data Management:

MongoDB, MySQL, Firebase

Deployment & Hosting:

Vercel, GitHub Pages, Render, Firebase Hosting

Methodologies & Practices:

Agile Development, Responsive Design, Cross-Browser Compatibility, Clean Code Principles

Experience

Web Development Trainer | FSDS – Government College University (GCU), Lahore | Sep 2025 – Present

- Conducting practical training sessions on HTML, CSS, JavaScript, Wix, and MERN Stack.
- Teaching students how to build responsive websites and full-stack web applications.
- Mentoring learners on industry best practices, version control, and project presentation.

Frontend Intern | Elevvo Pathway

Remote | Sep 2025 – Sep 2025

- Completed a one-month internship focused on frontend and backend development.
- Worked with React for frontend interfaces.
- Gained hands-on experience with the React and collaborative team projects.

MERN + DSA Trainee (Bronze Certified) | Dev Weekends

Remote | Apr 2025 – Sep 2025

- Completed a 6-month intensive program focused on MERN Stack development and Data Structures & Algorithms (DSA).
- Earned Bronze Certification for strong performance among 800+ participants from nearly 5 countries.
- Developed and optimized full-stack projects, applying advanced problem-solving and programming concepts.
- Collaborated in team-based projects, code reviews, and mentorship sessions led by industry professionals.

Projects

Wix Portfolio Website | Personal Project

- Designed and developed a responsive portfolio website using Wix, showcasing web design aesthetics and smooth navigation.
- Integrated animations, dynamic pages, and SEO optimization for better performance.
- Demonstrated ability to build complete client-ready websites using Wix tools and custom code.

React E-Commerce App | MERN Stack Project

- Built a functional e-commerce web application using React, Node.js, Express, and MongoDB.
- Implemented user authentication, product management, and cart functionality.
- Focused on scalability, responsive UI, and clean REST API integration.

Appointment app | Full Stack (MERN)

- Developed a full-stack appointment booking application using MongoDB, Express.js, React, and Node.js.
 - Enabled users to schedule, update, and cancel appointments with real-time availability tracking.
 - Implemented JWT authentication and role-based access control for secure login and admin management.
 - Integrated RESTful APIs for smooth data flow between frontend and backend.
